KARGO, STEEL ROOF BAR
For commercial vehicles.
Galvanized steel bar with pvc sheath

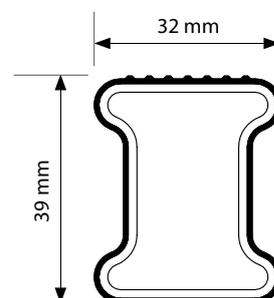

N10000	115 cm
N10005	135 cm
N10010	150 cm
N10015	180 cm

Box 6

1 PIECE

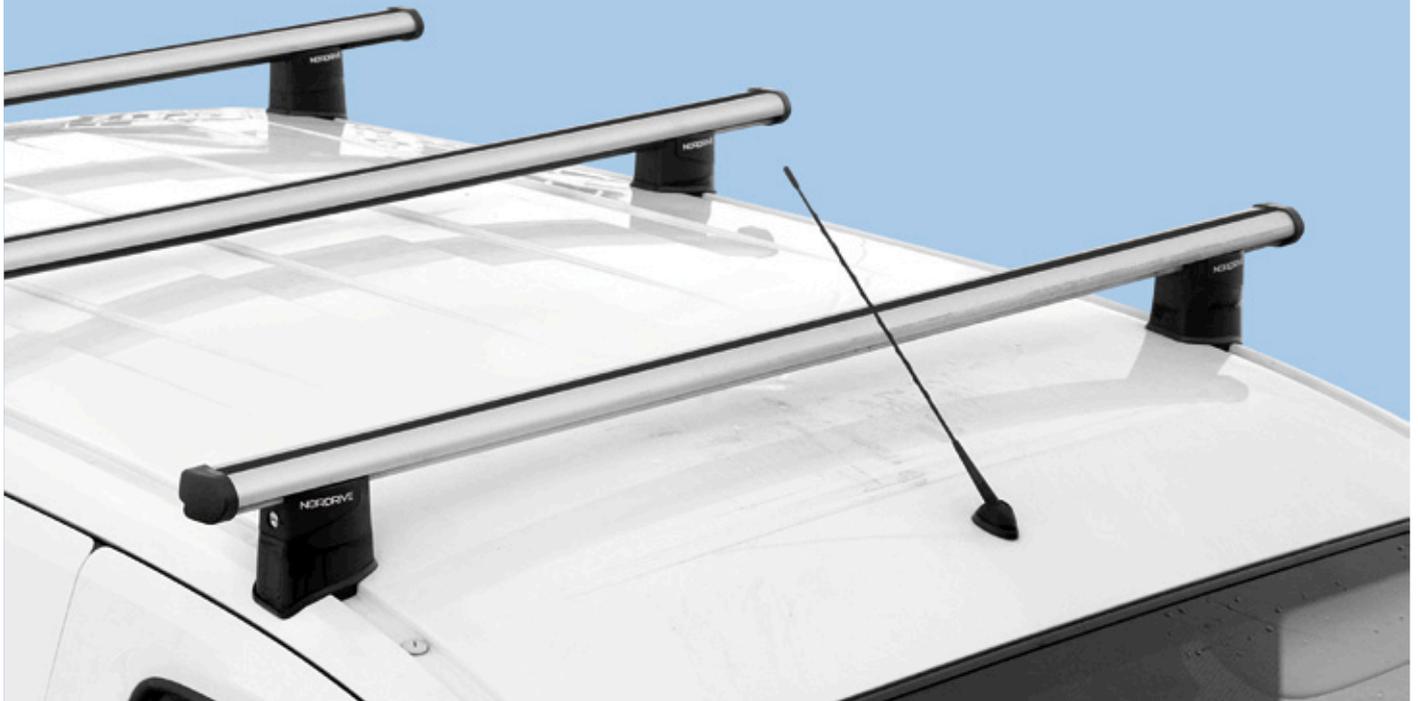

STEEL

MAX 50 KG
(x bar)

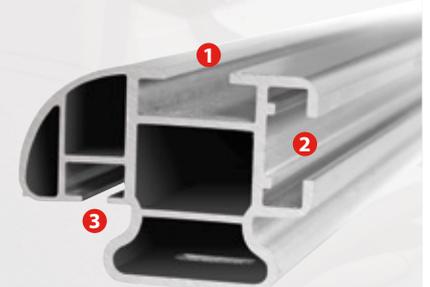

See Nordrive fitting chart to find the roof bars for your vehicle
www.nordrive.it

Kargo-Plus

Anodised aluminium bar, equipped with 3 railings.
 The top rail ❶ contains the anti-slip rubber profile which contacts the transported cargo and it is used also for inserting the load stops, eye-bolts, or other accessories.
 The rear rail ❷ is for inserting the roller, load stops and eye-bolts.
 The front rail ❸ is used for the insertion of the adjustable wind deflector Aero Kargo.
 The bar is equipped with a contoured rubber profile to optimize the aerodynamics.

KARGO-PLUS, ALUMINIUM ROOF BAR
 Roof bar for commercial vehicles.

Vehicles with built-in fix points

See Nordrive fitting chart to find the roof bars for your vehicle
www.nordrive.it

✓ Kargo

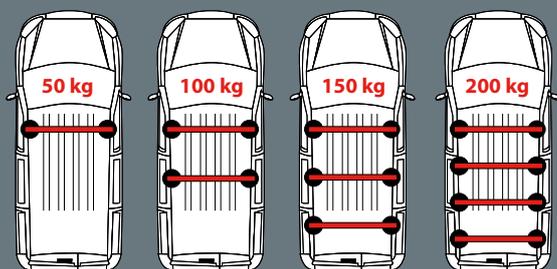

Foot kits for vehicles with built-in fix points

The foot kits use the vehicle's own fix points.
Each fitting base lays on a solid custom-shaped pad.
Easy to install, all the feet are equipped with safety locks.

✓ Kargo PLUS

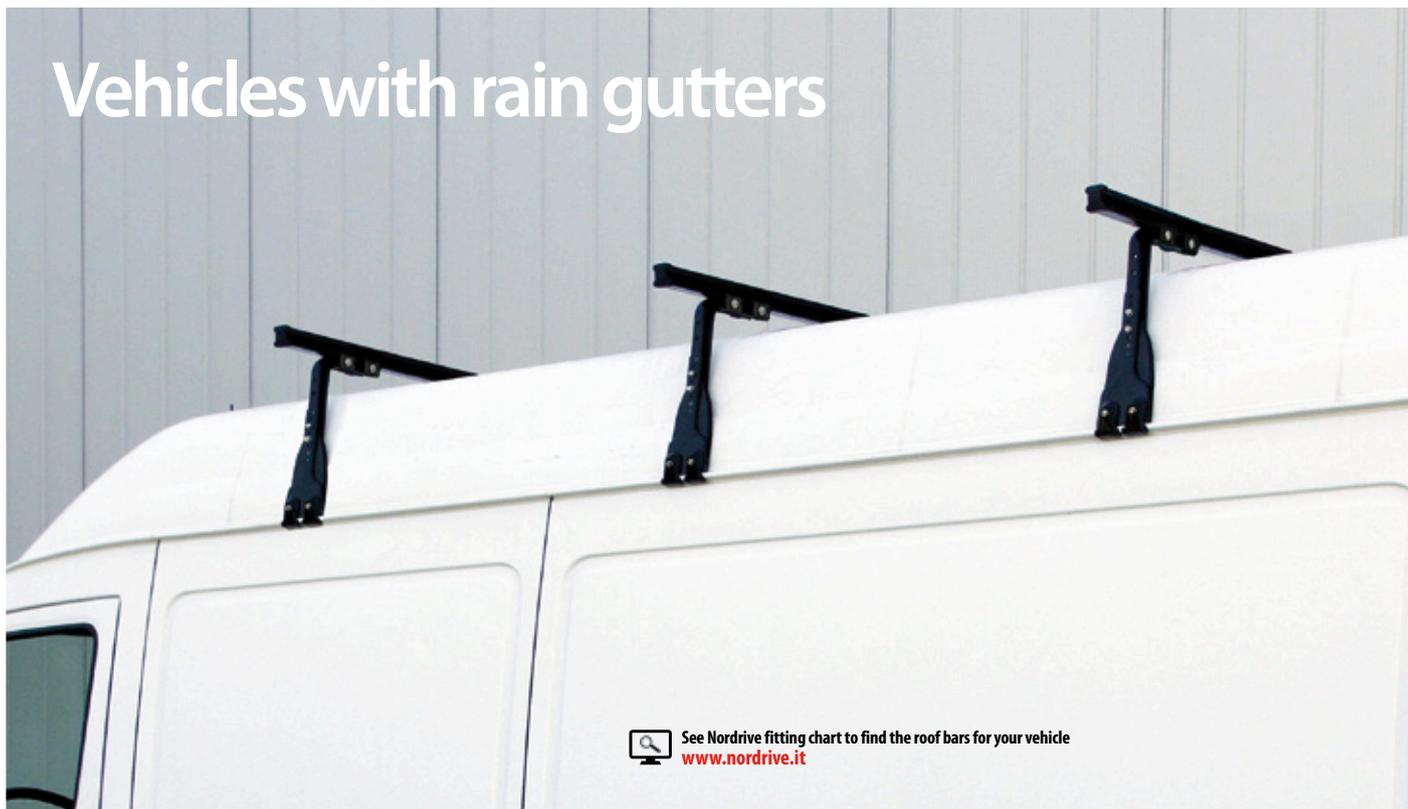

MAX LOAD CAPACITY

- Never exceed the maximum load indicated in the assembly instructions. This limit is however subject to the maximum load illustrated in the vehicle user and maintenance manual. Always follow instructions for the lowest maximum load.
- Maximum load is intended as: bar weight + weight of any applicable accessories + weight of the load

Vehicles with rain gutters

See Nordrive fitting chart to find the roof bars for your vehicle
www.nordrive.it

Foot kit for vehicles with rain gutters

Suitable for Kargo and Kargo-Plus bars.

Each kit contains two feet for the mounting of one single bar.

Kargo PLUS

KARGO-TUBE

Ideal for transporting pipes, umbrellas, canopies, rolls, rods, posts and other long objects. Single piece extrusion, thick impact resistant PP tube with heat sealed waterproof end cap. The inner part of the tube is seamless, completely smooth, no joints, no hems to avoid damages, scratches and to facilitate the loading and unloading. The round shape ensures stability of the content and prevents the crashing against the sides while driving.

Closure cap with bayonet safety catch and integrated lock.

Included accessories :

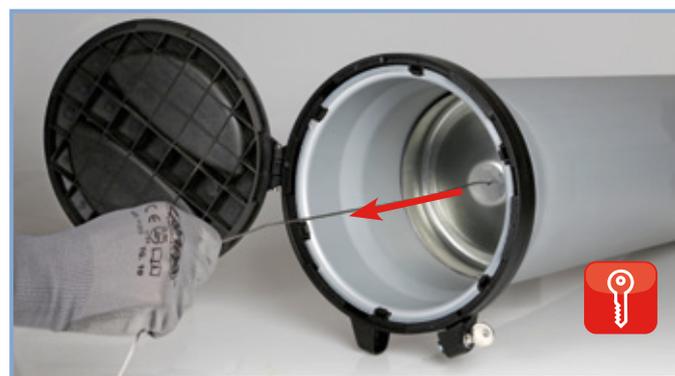

- Lock with 3 keys.
- Inner load extractor with steel cable puller.
- 2 or 3 stainless steel fitting brackets suitable for installation on traditional roof bars and on aluminium bars with integrated "T" connector railing

N11050	T200	L = 205 cm (2 brackets)
N11051	T300	L = 305 cm (3 brackets)
N11052	T400	L = 405 cm (3 brackets)

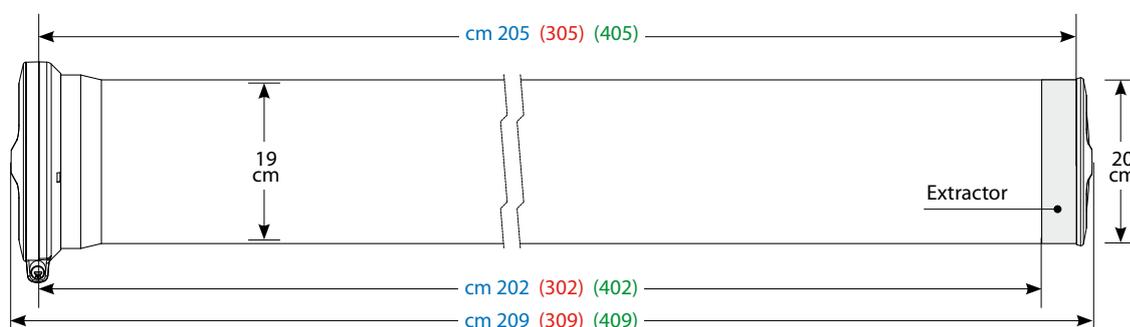

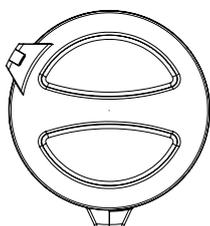

Box 1

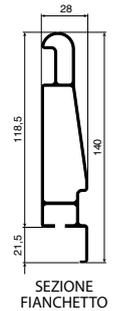

Additional brackets may be ordered separately (art. N99975)

Inner load extractor with steel cable puller.

✓ **Kargo**

AERO KARGO DEFLECTOR

Wind deflector kit for Kargo roof bars.

Functions:

- Improves aerodynamics of the vehicle.
- Helps increasing fuel efficiency.
- Reduces wind-noise while driving.

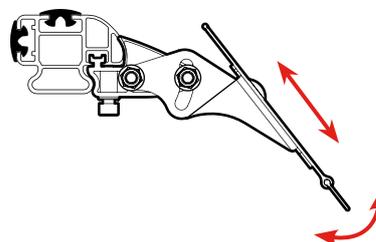

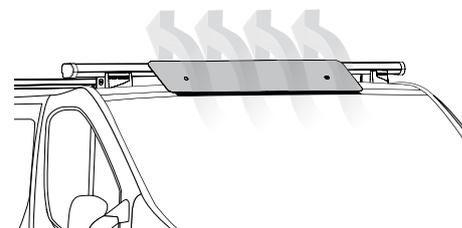

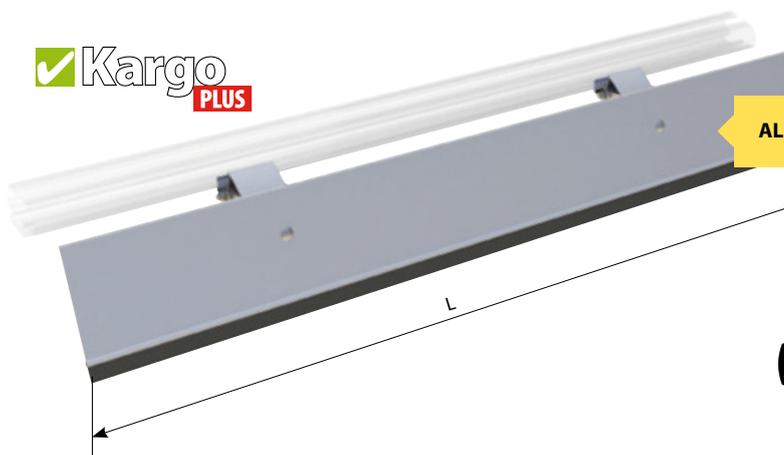

Features:

- Aluminium powder coated.
- Flexible, adapting to the curve of the roof.
- Adjustable extension and angle.
- Suitable for small vans (e.g. Doblò, Fiorino, Bipper, Kangoo, ecc.)

N11053	K-9	L = 95 cm
N11054	K-11	L = 110 cm

Box 4

✓ **Kargo PLUS**

AERO KARGO-PLUS DEFLECTOR

Wind deflector kit for Kargo-Plus roof bars.

Functions:

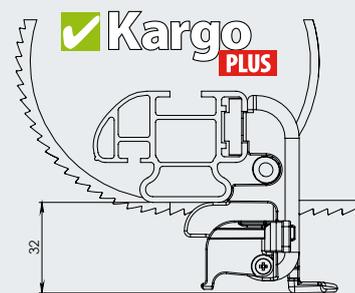

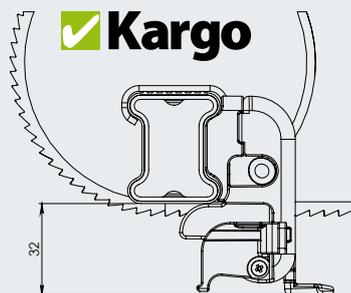

- Improves aerodynamics of the vehicle.
- Helps increasing fuel efficiency.
- Reduces wind-noise while driving.

Features:

- Anodized aluminium.
- Flexible, adapting to the curve of the roof.
- Adjustable extension and angle.
- Suitable for small vans (e.g. Doblò, Fiorino, Bipper, Kangoo, ecc.)

N11057	KP-9	L = 95 cm
